

BEEF  KING
PASTA SAUCE

Thawed in fridge overnight. Empty container into 3qt saucepan, and heat on medium heat until thoroughly heated through. Stir frequently. Approximately 15-20 min.

If frozen: place container upright, in 4 inches of warm water covering bottom half of container only. Once contents loosen from the container, empty into a 3qt saucepan. Heat on stovetop over medium heat until fully thawed and heated through, approximately 15-20 min. Stir frequently.
